LETTER OF CLARIFICATION ACCOMPANYING
SUBMISSION OF TRANSLATION

Sir:

The present communication provides clarification regarding submission of the accompanying English language translation of a document previously submitted in connection with a previously-filed Supplemental Information Disclosure Statement for the above-referenced application.

In particular, Applicant submitted a Supplemental Information Disclosure Statement on September 26, 2005, identifying references cited in an International Search Report received in connection with a corresponding international application filed under the PCT.

I hereby certify that this correspondence is being sent to the United States Patent and Trademark Office via facsimile to 571-273-8300.

Application No. 10/765,252
Paper Dated October 28, 2005
Confirmation No. 9565
PPG Docket No. 1908A1

The Supplemental IDS included the proper certification under 37 C.F.R. §1.97(e), as well as the required submission fee. One of the references identified in the Supplemental IDS, namely EP 0176726 A2, was not in the English language. Applicant has recently obtained an English language translation of this previously disclosed reference, and encloses a copy of the English language translation for consideration in connection with the previously submitted Supplemental IDS.

EP 0176726 A2 was properly identified on form PTO/SB/08a which accompanied the Supplemental IDS. Applicant respectfully requests that the present English language translation be considered in connection with this disclosed reference along with the remaining submissions in the Supplemental IDS.

Since Applicant is merely submitting an English language translation of a previously disclosed reference, no fee is believed to be due in connection with this submission. In the event that a fee is due, the Commissioner for Patents is hereby authorized to charge any fees which may be required to Deposit Account 16-2025. One (1) original and two (2) copies of this submission are enclosed.

Respectfully submitted,

THE WEBB LAW FIRM
